

DIGITAL TOOLS: ONLINE APPOINTMENT BOOKING

Streamline Your Practice

Online appointment booking is a convenient platform that allows patients and their caregivers to schedule or request virtual or in-person appointments with their primary care clinician using a desktop or mobile device.

WHY CHOOSE ONLINE APPOINTMENT BOOKING?

For Clinicians:

- **Customizable Schedules:** Tailor appointment durations and visit types to meet your needs.
- **Integrated with EMR:** Seamlessly syncs with your EMR schedule, offering flexibility for you and your staff.
- **Insightful Analytics:** Track booking and communication statistics to identify trends and make necessary adjustments.
- **Reduced No-Shows:** Automated reminders decrease missed appointments, keeping your schedule full.

For Patients:

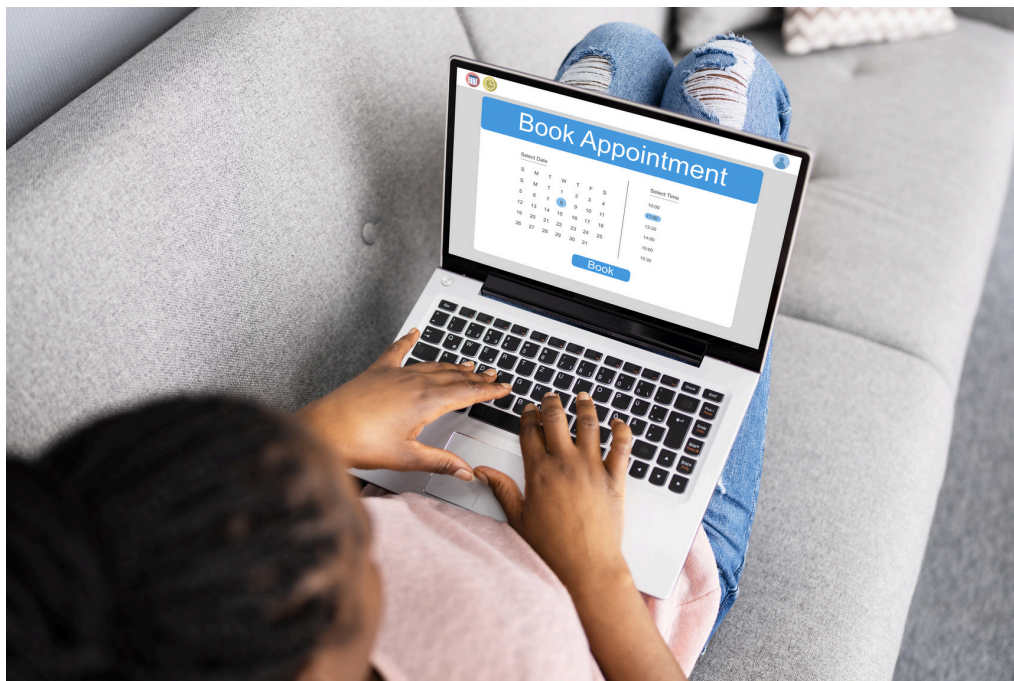

- **24/7 Accessibility:** Book or reschedule appointments anytime, anywhere from a desktop or mobile device.
- **Personalized Reminders:** Receive reminders via phone, text, or email to reduce the risk of missed appointments.

For Clinic Staff:

- **Enhanced Efficiency:** Reduce administrative workload by minimizing time spent on phone scheduling and confirmations.
- **Focused Patient Care:** More time to assist patients who prefer phone calls or have urgent concerns.

Affordable and Supported

- **Cost:** \$55 – 65 per provider schedule per month, with substantial discounts or free options available through Ontario Health funding.
**Details on funding will be announced soon.*
