

EMPOWER YOUR HEALTHCARE JOURNEY

ConnectMyHealth is a new digital health tool that provides you with an online, single access channel to **view your health records** from participating hospitals in Southwestern Ontario. It can be used on desktop computers, laptops, or mobile devices. ConnectMyHealth is safe and secure, and there is no cost to use it.

What Information Can I See?

To see a list of the types of health records that can be available to you using ConnectMyHealth, visit <https://info.connectmyhealth.ca/data-availability>. Typical records that are viewable include:

- Radiology Reports & Images
- Cardiology Reports & Images
- Laboratory Results
- Microbiology Results
- Hospital Discharge Summaries
- Select medication information
- Blood Bank Products and Tests
- Pathology and Genetics Reports

What can I do with ConnectMyHealth?

- ✓ **New results alerts** to be notified by email when you have new results available.
- ✓ **Patient dashboard** to show the types of health records that are most important to you.
- ✓ **Patient visits timeline** to see your upcoming hospital appointments.
