## Grey Bruce Ontario Health Team (OHT) Approval Announced!

On September 17, 2021 Christine Elliott, Deputy Premier and Minister of Health, announced that the Grey Bruce Ontario Health Team (OHT) was one of eight newly approved Ontario Health Teams in the province.

## Ontario Health Teams

Ontario Health Teams are part of a new approach to health care in the province that will bring together health care providers as one collaborative team. OHTs are intended to ensure that patients experience easier transitions between health organizations.

## Message from Grey Bruce OHT Planning Committee Co-Chairs:

“The OHT will improve the journey for patients, clients and residents as they navigate the health care system here in Grey Bruce. Although people often express satisfaction with their experience with individual health care organizations, we also know that people experience challenges as they transition between different organizations” states Grey Bruce Ontario Health Team (OHT) Planning Committee Co-Chairs Alex Hector and Michael Barrett. “We are very pleased with the Ministry of Health announcement of the approval of the Grey Bruce OHT which will ensure that people will experience a better coordinated and integrated health care system in Grey Bruce.”
